

Spring is a time of change. Days get longer, the weather begins to warm up, and nature starts to wake up again. Use this sheet to spot simple signs of spring in your school grounds, on the way home, or during outdoor learning.

What can you spot?

- Daffodils or other spring flowers
- Trees growing new buds or leaves
- Birds building nests
- Hearing birds singing
- Warmer weather (even just a little!)
- Bees or insects appearing
- Rain showers followed by sunshine
- Grass looking greener

My Spring Observations

What signs of spring have you noticed?

Draw what you see.

Draw something that made you think Spring is here!
